

DIOT **ByDintec** Add-On Third Party Operations Information Statement

Country: Mexico

Dintec is committed to enhancing organizational operations with our versatile suite of software tools. One such tool is the '**DIOT ByDintec Add-On**', designed for generating the DIOT format required by Mexico's Tax Administration Service (SAT).

In Mexico, in compliance with Article 32 of the VAT law, individuals and corporations are obligated to submit the Information Declaration of Operations with Third Parties (**DIOT**). This declaration includes details regarding transactions conducted with suppliers, the value of goods and services acquired during the previous month, based on a cash flow system. It includes only transactions and expenses that have been fully paid or made, as well as VAT credited to multiple purchases.

With the **DIOT ByDintec Add-On**, you can automate the generation of this crucial document directly within the SAP Business ByDesign platform, maintaining accurate records and control over your company's operations.

What does this Add-On include?

1. SAT delivery format in txt
2. DIOT Work Center
3. Allows you to schedule actions

Benefits of the DIOT ByDintec Add-On

Automation of processes outside the system, improving efficiency.

Enhanced visibility of information, enabling informed decision-making.

Registration and validation of supplier transactions, ensuring data accuracy.

Process validation, ensuring compliance with regulations.
